Search Institute - www.search-institute.org

Search Institute is an independent nonprofit organization whose mission is to provide leadership, knowledge, and resources to promote healthy children, youth, and communities. To accomplish this mission, the institute generates and communicates new knowledge, and brings together community, state, and national leaders.

At the heart of the institute's work is the framework of [40 Developmental Assets](#), which are positive experiences and personal qualities that young people need to grow up healthy, caring, and responsible.

The Search Institute Survey Services unit provides a growing array of surveys to help communities better understand the needs of their youth and to develop asset-building strategies to meet those needs. Survey Services staff members are experienced technical assistants providing step-by-step consultation throughout the survey administration process. Listed below are links to each of Search Institute's current and forthcoming surveys.

If you wish to speak with one of Search Institute's Survey Services Coordinators, please call 1-800-888-7828 and ask to be transferred to the survey information line or, [click here to send an e-mail message](#).
